

mouse anti-rabbit PER-conjugated

PER- conjugated polyclonal antibodies to rabbit immunoglobulins (IgG)

Cat-No: **24549829**

500 µl

Product:

Peroxidase-conjugated IgG Fraction Monoclonal Mouse Anti-Rabbit IgG, Light Chain Specific (minimal cross-reaction to Bovine, Goat, Armenian Hamster, Horse, Human, Mouse, Rat and Sheep Ig).

Purity:

The IgG fraction was purified by chromatographic procedures not involving affinity purification.

Specificity:

Based on antigen-binding assay, Western blotting, and/or ELISA, the antibody reacts with the light chains on rabbit IgG and with the those common to other rabbit immunoglobulins. The antibody does not react with the heavy chain of rabbit IgG. This antibody has been tested by ELISA to ensure minimal cross-reaction with bovine, goat, Armenian hamster, horse, human, mouse, rat and sheep immunoglobulins, but it may cross-react with immunoglobulins from other species.

Physical state: Liquid

Buffer/Additives/Preservative: PBS + 50% Glycerol + 15 mg/ml BSA

Preservative: None

Warning:

Confirm that glycerol is ACS grade or better before adding to this product. Lower grades of glycerol may seriously inhibit peroxidase enzyme activity.

Storage and Stability:

Storage at -18 °C is recommended. Do not freeze and thaw more than three times. Do not use this product beyond the stated expiration date.

Warning:

Sodium azide is harmful if swallowed (R22). Keep out of reach of children (S2). Keep away from food, drink and animal feeding stuff (S13). Wear suitable protective clothing (S36). If swallowed, seek medical advice immediately and show this container or label (S46). Contact with acids liberates very toxic gas (R32). Azide compounds should be flushed with large volumes of water during disposal to avoid deposits in lead or copper plumbing where explosive conditions can develop.

This material is offered for research only. Not for use in human. For in vitro use only. ImmunoTools will not be held responsible for patent infringement or other violations that may occur with the use of our products.
